

VISUALIZATION 1

ITERATION 1.0

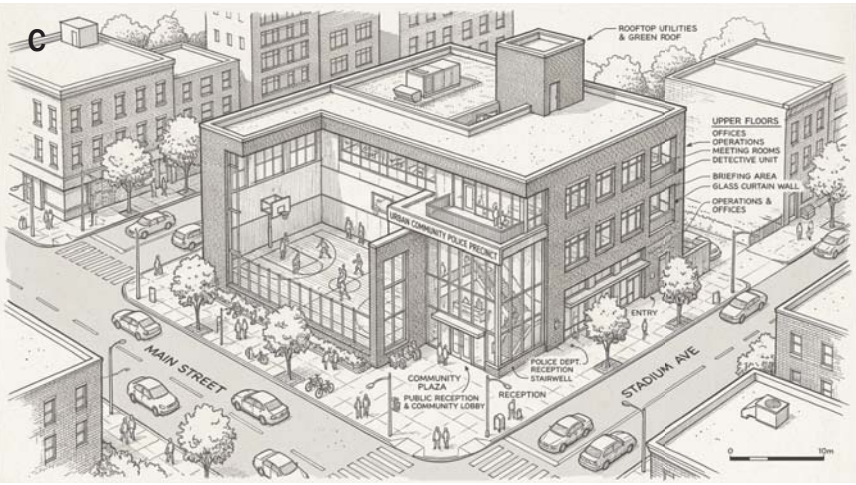

TOOL: IIELEVENLABS FLUX AI MODEL: NANO BANANA 2 RATIO: 16:9 RESOLUTION: 1K GENERATIONS: 3

PROMPT:

CREATE AN ARCHITECTURAL INK HAND SKETCH AXONOMETRIC OF A THREE-STORY POLICE PRECINCT BUILDING. THE BUILDING SHOULD BE INVITING TO PUBLIC ENGAGEMENT, LOCATED ON A CORNER LOT IN AN URBAN ENVIRONMENT WITH A COMMUNITY BASKETBALL COURT ON THE GROUND FLOOR THE EXTERIOR MATERIALS SHOULD BE BRICK WITH A GLASS ENTRY LOBBY AND VISIBILITY FROM THE STREET INTO THE BASKETBALL COURT.

IMAGE 1.0

EVALUATION – IMAGE B BEST INTEGRATED THE BASKETBALL COURT INTO THE BUILDING.

VISUALIZATION 1

ITERATION 1.1

TOOL: IIELEVENLABS FLUX AI MODEL: GPT IMAGE 2 RATIO: 16:9 RESOLUTION: 1K GENERATIONS: 1

PROMPT:

REMOVE THE TEXT NOTES WITHIN THE IMAGE, KEEP BUILDING GEOMETRY, CONFIGURATION, AND SURROUNDING CONTEXT, BUT ADJUST THE VIEW TO A STREET LEVEL PERSPECTIVE AT THE MAIN CORNER AND CHANGE THE IMAGE TO A MOODY INK AND WATERCOLOR RENDERING.

IMAGE 1.1

EVALUATION – BUILDING MASSING AND STREETScape CONTEXT REMAINED VERY CONSISTENT WITH THE INITIAL IMAGE; HOWEVER, THE BASKETBALL COURT WAS RE-IMAGINED AS A LARGE DOUBLE-HEIGHT LOBBY.

VISUALIZATION 1

ITERATION 1.1

TOOL: IIELEVENLABS FLUX AI

MODEL: NANO BANANA 2

RATIO: 16:9

RESOLUTION: 1K

GENERATIONS: 1

PROMPT:

ADJUST THE IMAGE TO A RENZO PIANO STYLE DRAWING WITH A BUILDING SECTION VIGNETTE OVERLAID IN THE LOWER LEFT CORNER.

This request may include copyrighted or trademarked material (such as a protected character, logo, or brand look). You've not been charged for this request.

🗑️

Adjust the image to a sophisticated architectural drawing style, characterized by clean lines, structural clarity, and a focus on natural light, with a building section vignette overlaid in the lower left corner.

✨ Rewrite prompt to fix

⬆️

GENERATION FAILED

EVALUATION – PLEASANTLY SURPRISED TO SEE THE AI MODEL EXCLUDES PROTECTED CHARACTER, LOGO OR BRAND LOOKS. THIS COULD BE A PROMISING WAY FOR ARCHITECTS TO PROTECT THEIR BRANDS AND VISUAL STYLES.

VISUALIZATION 1

ITERATION 1.1

TOOL: IIELEVENLABS FLUX AI MODEL: NANO BANANA 2 RATIO: 16:9 RESOLUTION: 1K GENERATIONS: 1

SUGGESTED PROMPT:

ADJUST THE IMAGE TO A SOPHISTICATED ARCHITECTURAL DRAWING STYLE, CHARACTERIZED BY CLEAN LINES, STRUCTURAL CLARITY, AND A FOCUS ON NATURAL LIGHT, WITH A BUILDING SECTION VIGNETTE OVERLAID IN THE LOWER LEFT CORNER.

IMAGE 1.2

EVALUATION – BUILDING MASSING AND STREETScape CONTEXT REMAINED VERY CONSISTENT WITH THE REFERENCE IMAGE. TEXT NOTES WERE ADDED BACK IN WITHOUT ASKING THEM TO BE PRESENT. THE VIGNETTE OVERLAY WAS DISAPPOINTING AND LACKED ANY CONTEXT TO THE BUILDING MASSING.

VISUALIZATION 1

ITERATION 1.3

TOOL: HIELEVENLABS FLUX AI

MODEL: GPT IMAGE 2

RATIO: 16:9

RESOLUTION: 1K

GENERATIONS: 1

RETURN TO IMAGE_1.1 AS REFERENCE

PROMPT:

ADJUST THE IMAGE TO AN ARCHITECTURAL DRAWING STYLE, CHARACTERIZED BY LOOSE EXPRESSIVE LINES, STRUCTURAL CLARITY, A FOCUS ON NATURAL LIGHT, AND PASTEL COLORS. THE MAIN GLASS VOLUME TO THE CENTER LEFT OF THE IMAGE SHOULD DEPICT A COMMUNITY BASKETBALL COURT.

IMAGE 1.3

EVALUATION – BUILDING MASSING AND STREETScape CONTEXT REMAINED VERY CONSISTENT WITH THE REFERENCE IMAGE. TEXT NOTES WERE REMOVED WITHOUT EXPLICITLY ASKING THEM TO BE, AND THE BASKETBALL COURT WAS ADDED BACK IN AS PROMPTED; HOWEVER, WITH ONLY ONE BACKBOARD.

VISUALIZATION 2

ITERATION 2.0

TOOL: IIELEVENLABS FLUX AI

MODEL: GPT IMAGE 2

RATIO: 16:9

RESOLUTION: 1K

GENERATIONS: 4

PROMPT:

CONTEMPORARY PUBLIC LIBRARY INTEGRATED INTO THE LANDSCAPE.

IMAGE 2.0

EVALUATION – IMAGE B WAS SELECTED SINCE IT BEST INTEGRATED THE BUILDING INTO THE LANDSCAPE. THE WOODED CONTEXT OF ALL GENERATIONS MADE THE BUILDING FEEL REMOTE AND DISCONNECTED FOR ITS TYPOLOGY.

VISUALIZATION 2

ITERATION 2.1

TOOL: IIELEVENLABS FLUX AI MODEL: NANO BANANA 2 RATIO: 16:9 RESOLUTION: 1K GENERATIONS: 4

PROMPT:

KEEP BUILDING STYLE AND MASSING, BUT REPLACE CONTEXT WITH A EUROPEAN URBAN SURROUNDING ON THE LEFT AND WATERFRONT ON THE RIGHT.

IMAGE 2.1

EVALUATION – IMAGE A WAS SELECTED SINCE THE PUBLIC PLAZA PROVIDED THE MOST FAVORABLE CONTEXT FOR THE BUILDING’S MASSING. THE INTEGRATION INTO THE WATERFRONT AT THE BOTTOM OF THE IMAGE WAS UNRESOLVED, AND THE SERPENTINE STREET ON THE LEFT OF THE IMAGE UNREALISTIC FOR THE URBAN CONTEXT.

VISUALIZATION 1

ITERATION 2.2

TOOL: IIELEVENLABS FLUX AI MODEL: NANO BANANA 2 RATIO: 16:9 RESOLUTION: 1K GENERATIONS: 4

PROMPT:

STRAIGHTEN THE STREET ON THE LEFT OF THE IMAGE AND ADD AMPHITHEATER SEATING AT THE BOTTOM OF THE IMAGE LEADING FROM THE PLAZA TO THE WATERFRONT.

IMAGE 2.2

EVALUATION – IMAGE D WAS SELECTED FOR THE PLANTED AMPHITHEATER AND PLAZA INTEGRATION INTO THE WATERFRONT, WHILE ALSO PROVIDING THE BEST SCALE IN CONTEXT TO THE URBAN ENVIRONMENT OF THE FOUR IMAGES. IMAGE B AND C IN PARTICULAR SEEMED TO STRUGGLE WITH THE PLAZA AND WATERFRONT JUXTAPOSITION.

VISUALIZATION 3

ITERATION 3.0

TOOL: IIELEVENLABS FLUX AI

MODEL: GPT IMAGE 2

RATIO: 16:9

RESOLUTION: 1K

GENERATIONS: 1

PROMPT:

CONCEPTUAL ARCHITECTURAL SKETCH OF A CONTEMPORARY MUSEUM WITH LOOSE, EXPRESSIVE INK LINES.

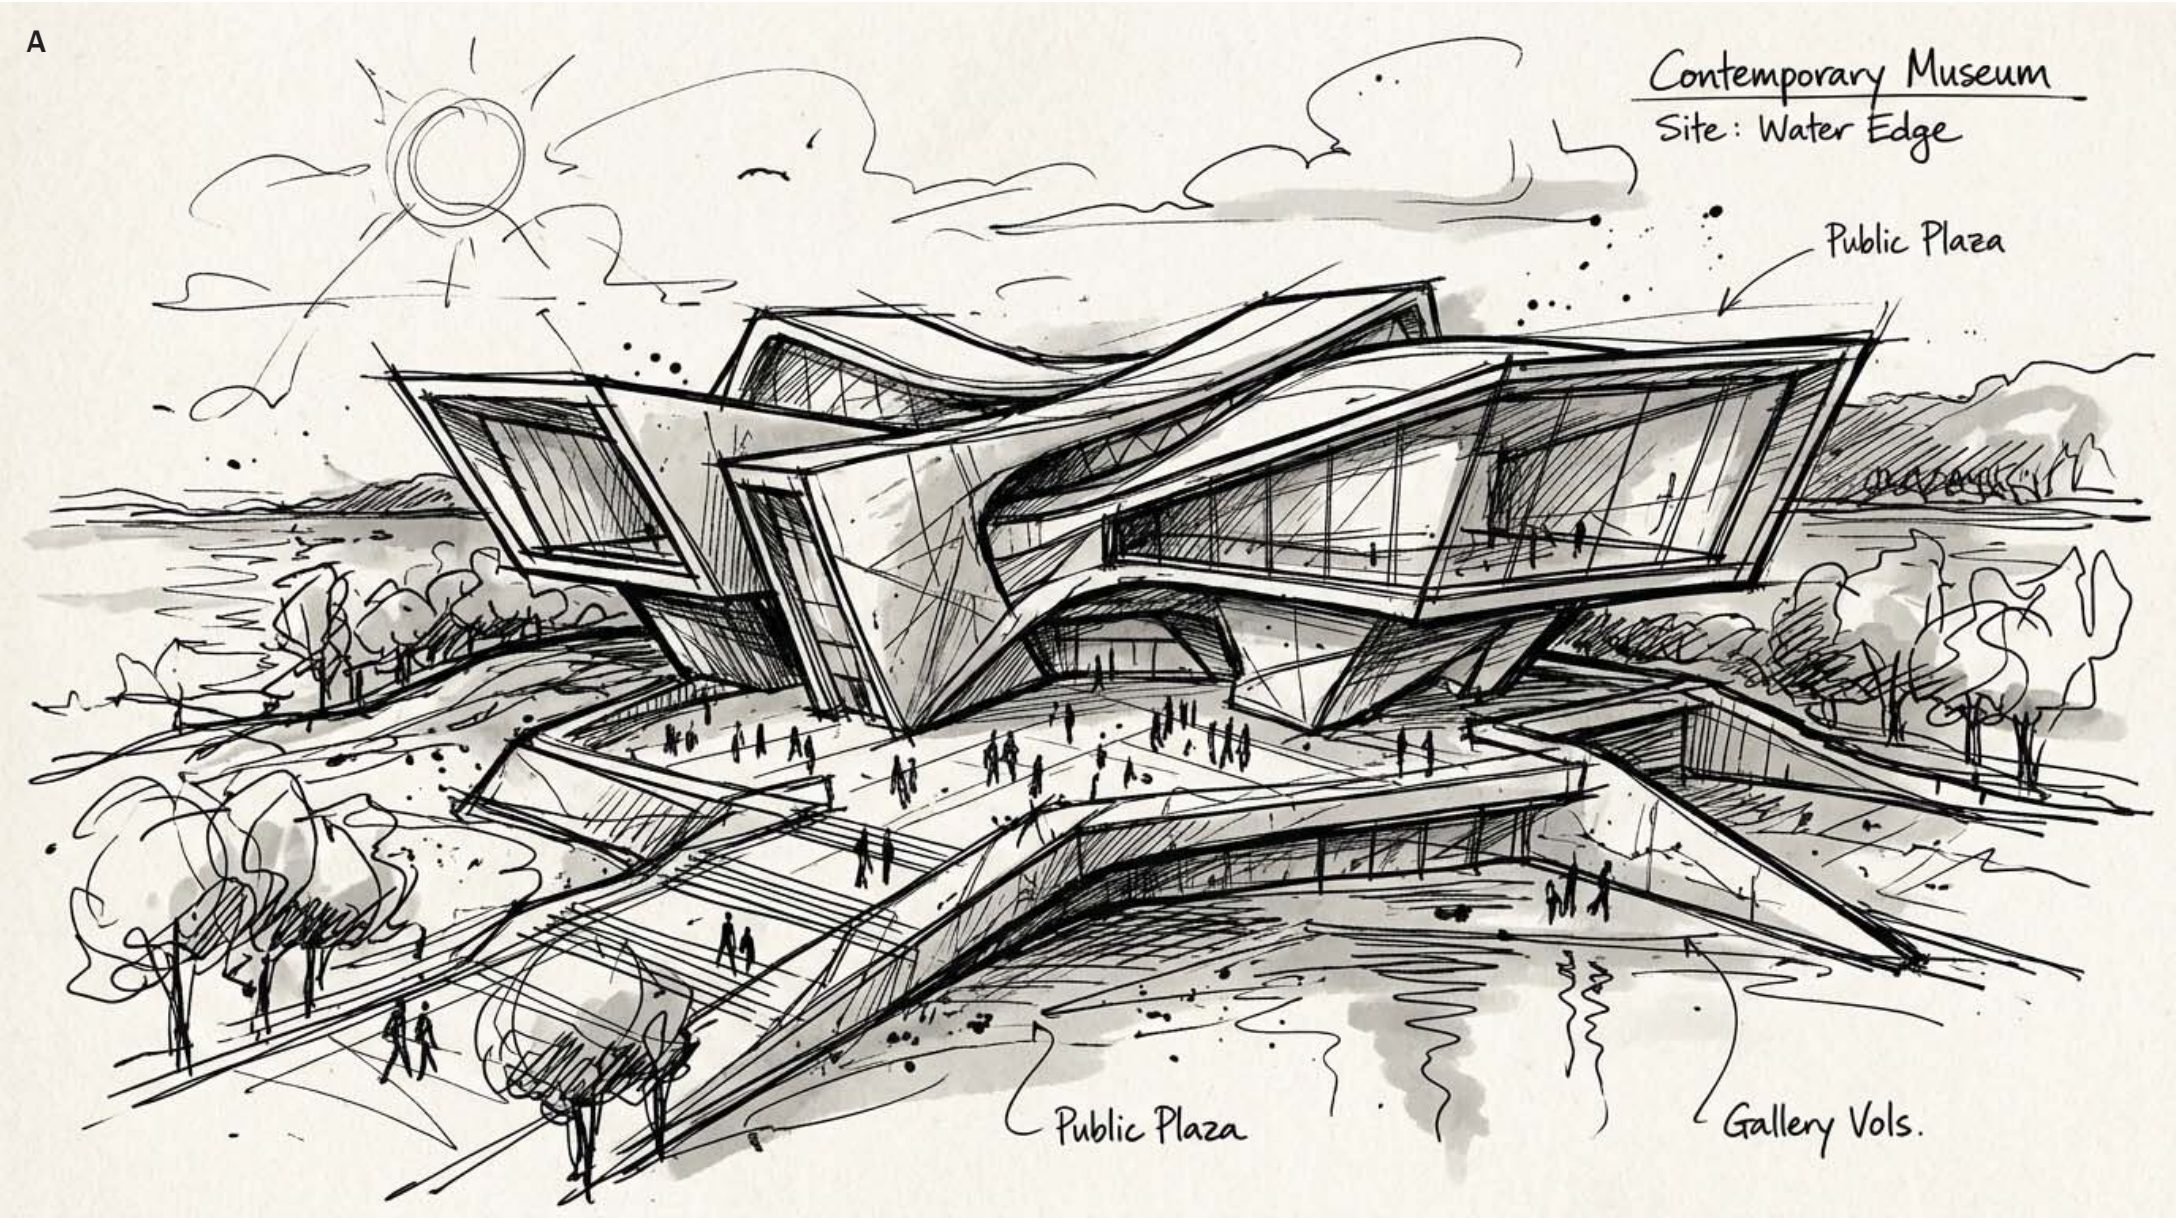

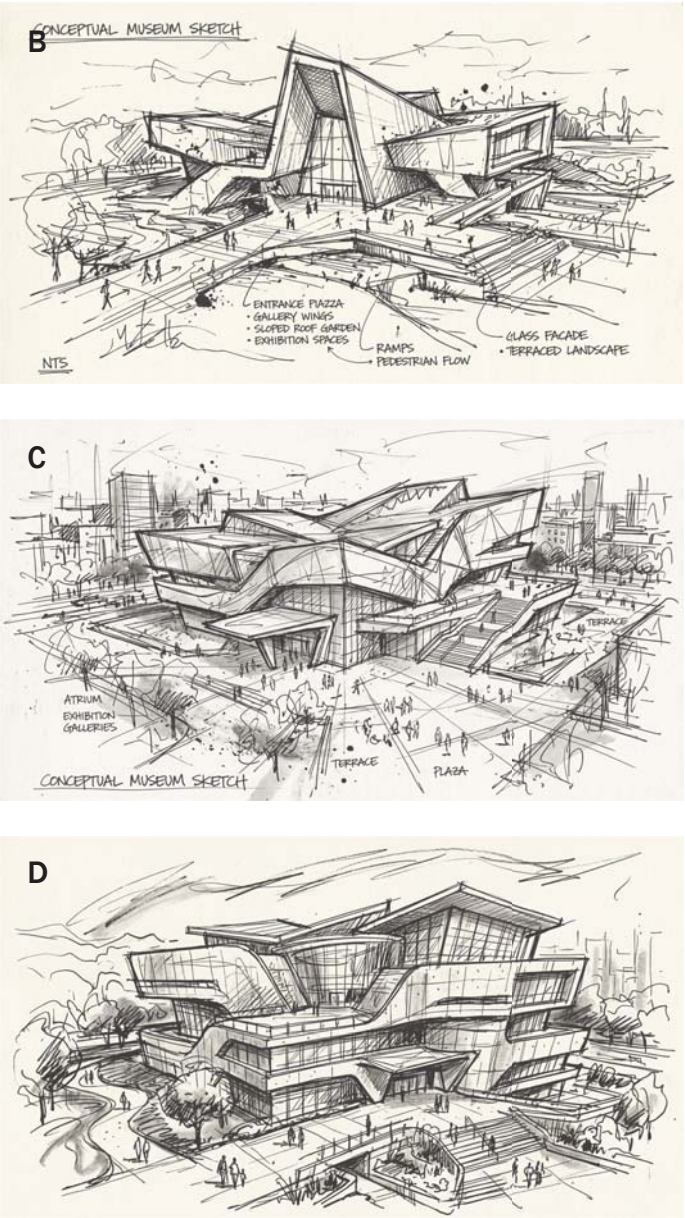

IMAGE 3.0

EVALUATION – IMAGE A HAD THE MOST COMPELLING MASSING.

VISUALIZATION 3

ITERATION 3.1

TOOL: IIELEVENLABS FLUX AI

MODEL: GPT IMAGE 2

RATIO: 16:9

RESOLUTION: 1K

GENERATIONS: 1

PROMPT:

CREATE A PROFESSIONAL PHOTO-REALISTIC RENDERING OF THE REFERENCE IMAGE. THE BUILDING FACADE SHOULD BE WHITE STONE PANELS AND MULLION-LESS GLASS.

IMAGE 3.1

EVALUATION – IMAGE GENERATION RENDERED THE REQUESTED MATERIALS, BUT FAILED TO PROVIDE A PHOTO-REALISTIC RENDERING AND KEPT THE TEXT NOTES.

VISUALIZATION 3

ITERATION 3.2

TOOL: IIELEVENLABS FLUX AI MODEL: FLUX.2[PRO] RATIO: 16:9 RESOLUTION: 1K GENERATIONS: 4

PROMPT:

REMOVE TEXT NOTES FROM IMAGE. UPDATE TO PHOTO REAL IMAGE AT GOLDEN HOUR.

IMAGE 3.2

EVALUATION – OVERALL IMAGE QUALITY IMPROVED FROM THE PREVIOUS GENERATION. IMAGE B AND C STRUGGLED WITH INTERPRETING THE IMAGE FOREGROUND., WHILE IMAGE D HAD SOME OUT OF SCALE PEOPLE. SURPRISINGLY ALL GENERATIONS KEPT THE BUILDING MASSING AND MATERIALS WITHOUT EXPLICITLY HAVING TO BE TOLD.
